

## Five Star Canine Annual

An annual visit is not just vaccines anymore! We strive to provide the highest level of care possible for your little star, so we have listed below what we require and recommend for the annual visit. Allow us to give you and your pet the “star” treatment!

### STANDARD ANNUAL FEES

<b>Full Body Annual Exam</b>	<b>\$47.00</b>
Our doctors will perform a full comprehensive exam, from the tip of the nose to the tip of the tail. *An exam is required for vaccinations.	
<b>Heartworm Test</b>	<b>\$45.95</b>
A heartworm test is required once a year in order to purchase heartworm prevention. According to the American Heartworm Society, 63 million dogs are exposed to heartworm disease each year. Our test is a simple blood test, and takes about 10 minutes in-house. Some dogs receive this at their semi-annual visit instead of the annual visit.	
<b>Intestinal Parasite Screening</b>	<b>\$27.75</b>
Our stool samples are shipped overnight to our outside laboratory, Idexx. They have the capability to detect 70% more than we can with an in-house test.	
<b>Rabies Vaccine</b>	<b>\$12.50</b>
Vaccination for Rabies is legally required by the State of Louisiana once a year. Although Rabies is not as common as it was years ago, we want our stars to remain protected!	
<b>DHPPL4 Vaccine (the 8-in-1)</b>	<b>\$16.95</b>
This vaccine protects against five different diseases, including Distemper, Hepatitis, Parvo Virus, Parainfluenza, and four strains of Leptospirosis.	
<b>Bordetella Vaccine (oral)</b>	<b>\$13.95</b>
Bordetella is an oral vaccination that is given every six months. It helps protect against one of the common causes of “kennel cough.”	
<b>Total for Standard Fees</b>	<b>\$164.10</b>

### OPTIONAL SERVICES

(check if yes)

<b>Pawdicure (nail trim)</b>	<b>Free with Exam ( )</b>
Our trained staff will clip your dog’s nails and can show you the proper way to trim nails at home if you wish to learn.	
<b>Anal Gland Expression</b>	<b>\$10.00 ( )</b>
Anal glands are small sacs just inside the anus. They fill with a putrid smelling liquid that if not expressed, can cause an abscess. Some dogs need their glands expressed more often than others. Our staff can express your dog’s anal glands if needed.	
<b>Ear Clean</b>	<b>\$5.00 ( )</b>
Some dogs, especially floppy-eared dogs, will retain dirt and debris in their ears. Some dogs have hair that grows in their ear canals. Our staff can clean the ears with a safe, non-abrasive ear cleaner, and remove excessive ear hair (for an additional \$10.00).	
<b>HydroSurge Bath</b>	<b>\$20.00 ( )</b>
Let us bathe your dog with our HydroSurge bathing system. This top-notch system dispenses a moisturizing shampoo along with water and oxygen to ensure the cleanest clean, all the way to the skin.	
<b>Canine Influenza Vaccine</b>	<b>\$35.95 Each ( )</b>
Canine Influenza is a highly contagious upper respiratory virus. It causes clinical signs of coughing, sneezing, nasal discharge, and fever. (A 2-Part Vaccine)	
<b>Bag of Hill’s Science Diet Food</b>	<b>Price Varies ( )</b>
Hill’s Science Diet is top-of-the-line when it comes to providing optimal nutrition for your pet. Ask our staff what food is recommended for your dog, based on age and body type.	

**C.E.T. Chews** **Price Varies ( )**  
 C.E.T.® Enzymatic Oral Hygiene Chews for dogs feature an exclusive dual-enzyme system, plus an abrasive texture. Working with the dog’s chewing action, the chews reduce plaque and tartar helping keep teeth clean and breathe fresh, even on days when brushing isn’t possible. Available in Petite, Medium, Large, and Extra-Large Sizes.

**Home Again Microchip** **\$50.00 ( )**  
 A Home Again Microchip is the best way to provide permanent identification for your pet. The chip is inserted via syringe, and each chip has its own unique number to identify your pet. If your pet ever wonders off and is taken to either a shelter or veterinary clinic, your pet’s number will show up on the microchip scanner and we can much more easily get your pet back home again. This price also includes the first year of enrollment through Home Again.

**Heartworm/Flea Prevention** **Price Varies**  
 Type: Trifexis ( ) ProHeart 6 ( ) Bravecto ( )  
 Quantity: 6 Months ( ) 3 Months ( ) Single Dose ( )
