

Five Star Canine Annual

An annual visit is not just vaccines anymore! We strive to provide the highest level of care possible for your little star, so we have listed below what we require and recommend for the annual visit. Allow us to give you and your pet the “star” treatment!

STANDARD ANNUAL FEES

Full Body Annual Exam \$47.00

Our doctors will perform a full comprehensive exam, from the tip of the nose to the tip of the tail. *An exam is required for vaccinations.

Heartworm Test \$45.95

A heartworm test is required once a year in order to purchase heartworm prevention. According to the American Heartworm Society, 63 million dogs are exposed to heartworm disease each year. Our test is a simple blood test, and takes about 10 minutes in-house. Some dogs receive this at their semi-annual visit instead of the annual visit.

Intestinal Parasite Screening \$27.75

Our stool samples are shipped overnight to our outside laboratory, Idexx. They have the capability to detect 70% more than we can with an in-house test.

Rabies Vaccine (3 year) \$19.50

Vaccination for Rabies is legally required by the State of Louisiana (Bossier Parish). It is required once every 3 years, following the puppy series and one year booster. Although Rabies is not as common as it was years ago, we want our stars to remain protected!

DAPP Vaccine (3 year) \$25.00

This vaccine protects against four different diseases, including Distemper, Adenovirus/Hepatitis, Parvo Virus, and Parainfluenza. This vaccine is required once every 3 years, following the puppy series and one year booster.

Leptospirosis Vaccine \$14.95

This vaccine protects against mortality cause by four Leptospira serovars and prevents leptospirosis (urinary shedding). This vaccine is required once a year.

Total for Standard Fees \$180.15

Bordetella Vaccine (intra-nasal) \$21.95

Bordetella is an intra-nasal vaccination that is now given once per year, during the semi-annual visit. It helps protect against three of the common causes of “kennel cough.”

OPTIONAL SERVICES (check if yes)

Canine Bivalent Influenza Vaccine \$35.95 Each ()

Canine Influenza is a highly contagious upper respiratory virus. This 2-Part vaccine protects against two strains of Canine Flu, H3N2 and H3N8. ***This vaccine is required for boarding, but otherwise optional.**

Wellness Profile \$134.99 - 249.99 ()

We can perform a comprehensive blood work panel on your dog at a discounted rate. These profiles include the Heartworm Test and Intestinal Parasite Screening, plus blood work (chemistries and CBC) and other tests, depending on your dog’s age.

Pawdicure (nail trim) \$9.00 with Exam ()

Our trained staff will clip your dog’s nails and can show you the proper way to trim nails at home if you wish to learn.

Anal Gland Expression \$20.00 ()

Anal glands are small sacs just inside the anus. They fill with a putrid smelling liquid that if not expressed, can cause an abscess. Some dogs need their glands expressed more often than others. Our staff can express your dog’s anal glands if needed.

Ear Clean \$16.00 ()

Some dogs, especially floppy-eared dogs, will retain dirt and debris in their ears. Some dogs have hair that grows in their ear canals. Our staff can clean the ears with a safe, non-abrasive ear cleaner, and remove excessive ear hair (for an additional \$10.00).

HydroSurge Bath \$29.00 - 40.00 ()

Let us bathe your dog with our HydroSurge bathing system. This top-notch system dispenses a moisturizing shampoo along with water and oxygen to ensure the cleanest clean, all the way to the skin.

Bag of Hill’s Science Diet Food Price Varies ()

Hill’s Science Diet is top-of-the-line when it comes to providing optimal nutrition for your pet. Ask our staff what food is recommended for your dog, based on age and body type.

C.E.T. Chews Price Varies ()

C.E.T.® Enzymatic Oral Hygiene Chews for dogs feature an exclusive dual-enzyme system, plus an abrasive texture. Working with the dog’s chewing action, the chews reduce plaque and tartar helping keep teeth clean and breathe fresh, even on days when brushing isn’t possible. Available in Petite, Medium, Large, and Extra-Large Sizes.

Home Again Microchip \$50.00 ()

A Home Again Microchip is the best way to provide permanent identification for your pet. The chip is inserted via syringe, and each chip has its own unique number to identify your pet. If your pet ever wanders off and is taken to either a shelter or veterinary clinic, your pet’s number will show up on the microchip scanner and we can much more easily get your pet back home again. This price also includes the first year of enrollment through Home Again.

Heartworm/Flea Prevention Price Varies

Type: ProHeart 6 () ProHeart 12 () Triflexis ()

Bravecto ()

Quantity: 1 Year () 6 Months () 3 Months ()
